

PrintEra Homes LLC

At-a-glance one-pager for realtors & buyers

What we build

3D-printed concrete shell homes in **Granbury and surrounding areas**. Same finished-home feel — stronger shell, less wait, better story after water.

Quick facts

- **Timeline:** typically 2–5 months depending on size (stick frame often 4–10 months).
- **Warranty:** 2-year builder's, 2-year systems, 20-year structure (2 / 2 / 20).
- **Differentiator:** less mold potential, water-damage resistant structure, waterproof floors that can dry.
- **Partner tech:** HiveASMBLD (3D print + panel systems) — see About on printera.dev.
- **Listings:** Available Homes at www.printera.dev/homes/
